Margot Van Horn hosts How Great Thou Art and offer viewers a fresh and inviting approach to the local art scene. Margo's experience and unyielding talent gives her show solid credibility among artists and enthusiasts alike. Margot also acts as the Executive Producer of How Great Thou Art. Many of her guests are nationally acclaimed painters, sculptures and metal artists, Margot is a consummate artist and former art studio owner. OCTV is proud to honor Margot Van Horn as our Volunteer of the Month

Meet other artists/professional consultations available/light refreshments.

Space is limited. Call 248 245 0171 for reservations.

### Launching New Community Events

OCTV will be hosting a PAINT PARTY March 23<sup>rd</sup>, a BRIDAL EXPO on April 20<sup>th</sup>, POLICE WEEK TRIBUTE on May 11<sup>th</sup> and an OPEN HOUSE June 29<sup>th</sup>. Open to the public.

### More Sports Coverage

OCTV will be covering our sports coverage this spring. We plan to showcase baseball, softball, track and tennis. Volunteers needed.

### Producers and Talent Wanted

OCTV is in need of producers and on-camera talent. Our production schedule is moving at a very fast rate and we need help getting our programs on the air. No experience needed for producers. On-camera talent will require auditions. Please call for more information.

### Talented Musicians

OCTV is in need of talented musicians with original music, willing to perform on its popular rock show, show called "The Garage." Produced by Monique Maksym, this show provides a great opportunity for musicians to create a professional demo reel in addition to showing your talent to the community.

### AT&T U-Verse Signal Improvement

Our AT&T U-Verse signal will be much improved now that we have contracted with Windstream to install our dedicated T1 line. This direct service line will offer faster and a more stable signal. Viewers will notice better picture and sound quality with little to no interruptions. Our timetable for installation is 60 – 90 days.

### New Equipment

Management and members of the cable commission technical committee, Buck Cryderman and Ed Henwick, are in the process of purchasing new editing systems for OCTV. There is a strong possibility of switching systems from a PC based format to MAC. We plan to have our upgrade on-line by June.

### Live Streaming Shows

OCTV has broken ground with live - streaming programming. Our first show to launch our efforts was with Mortgage 101, featuring Lisa Dwyer. We successfully streamed the show onto our Facebook page where viewers were able to tune in. Later, we streamed The Garage, showcasing The Cold City Cowboys. The musical live-cast was viewed by several fans and local residents, all of them praising the achievement. OCTV now plans to live-stream many more studio shows.

### Schedule Information

For program schedule information visit our website at [occtv.org](http://occtv.org). Viewers will find our weekly and weekend program lineup which is maintained daily.

### Talent Shop

We may soon be offering acting classes at our studio. This will be in cooperation with our developing film division. OCTV has received script submissions and is interviewing for film crew members. The division will produce short films and our on-air promotions
